# Spiezia Organics makes 100% Organic and Natural skin care.

SPIEZIA  
MADE FOR LIFE  
*100% Organic*

Organic skin and body care products all made at the Organic Gear Farm in Cornwall, United Kingdom. Products are suitable for all skin types and range from facial cleansers, day moisturisers, night creams, to bath and body products, balms and oils for mother & baby, and a men's range.

'Made For Life'™ is Spiezia Organics' philosophy which is about making positive choices that contribute both to the well-being of the customer and the environment.

Since its inception, the in-house team has sourced the purest organic ingredients to develop a range of skin and body care products with superior nourishing properties.

Spiezia is the first company in the United Kingdom to achieve Soil Association accreditation across 100% of their product range and led the development of Soil Association certification for beauty products.

The Soil Association is the United Kingdom's most recognisable and trusted organic mark. It champions the connection between soil, products, health of people and sustainability of the planet.

In line with Spiezia's philosophy, all jars and bottles are made from recycled glass, aluminium lids are used and corrugated covers protecting the products are sourced from sustainable forests. Moreover, the packaging is 100% recyclable, exceeding the Soil Association's criteria.
